Art Unit: 1623

The disclosure is objected to because of the following informalities: the status of the parent application 10/241,542 has not been updated on page 1 of the specification.

Appropriate correction is required.

Claims 1 and 3-17 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The terminology "sodium casienate protein" (claim 1) is not disclosed or suggested by the specification as originally filed.

Claim 15 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

There is no antecedent basis in claim 1 for a composition comprising "about 1 mg to about 20 mg of digestive enzyme" in claim 15.

Applicant's arguments filed November 11, 2004 have been considered but have not been found persuasive.

On page 4 of the specification in paragraph [00010] there is support for "calcium caseinate". However, no mention is made of "sodium caseinate".

Also, claim 1 encompasses "from about 250 mg to about 2500 mg" of a digestive enzyme. Said range does not encompass "from 1 mg to about 20 mg of the digestive enzyme" as set forth in claim 15.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
